

## **Terms and Conditions for participating in the event**

- I agree to follow the programme fully and I am required to participate actively in its activities. I understand that any violation of these rules or absence may result in my exclusion from the activities (except in case of illness or justified reason).
- I accept that the activities of the programme are residential; accordingly, I spend the evenings at the programme site, where the National Agency booked the accommodation.
- I accept that the intensive structure of the programme does not allow me to take part in optional, individual activities which go beyond the breaks.
- I am financially responsible for the damage which I cause during my stay.
- I agree that during the programme, the facilitators/organisers may take photos for documentation and promotional purposes, which can be submitted to the National Agency along with the activity report.
