Activity Details (C1)

In this section, you are asked to provide details about this specific activity.

The section consists of two parts: Activity Details and Groups of Participants.

In the first part (Activity Details) you are asked to provide information about the planned activity as a whole (e.g. its venue, duration, etc.), to define the activity's lead organisation, and to list the other participating organisations. The lead organisation is typically the one hosting the activity in its premises. In case you decide to organise the activity outside of the lead organisation's premises, you must respect the detailed rules provided in the Programme Guide and you need to provide an explanation for this choice as part of the activity description. The other participating organisations are all project partners who will send their participants to take part in the activity. Adding a partner organisation to the list of participating organisations will allow you to ask funding for their participants in the second part of this section.

In the second part (Groups of Participants) you are asked to provide some details about the participants who will take part in this activity. The main purpose of this section is to calculate the budget that the project will receive for the participants' travel, individual support and other expenses. The participants are organised in groups for easier calculation. Each group and its budget are linked to their sending organisation.

Group 1, Activity C1 (tevékenység)

To request funds for participants in this group, please complete the information below.

Please note that there are two categories of persons who can be funded: people directly taking part in the planned activity (always referred to as participants) and accompanying persons. Accompanying persons include teachers or other staff travelling together with pupils, as well as assistants supporting participants with special needs.

Grant rates for Individual Support are different for participants and accompanying persons. Therefore, you need to specify the requested duration for Individual Support separately for the two categories of persons. At the same time, grants for travel are the same for participants and accompanying persons. Therefore, for travel you should add together all persons requiring a grant.

Finally, please be aware that in case later on you decide to modify the information about the activity (e.g. its duration or number of participants), the modification will not be automatically reflected for the different groups of participants and different budget items. Therefore, please make sure that all budget requests are correct before submitting your application.
