## **INTRODUCTION**

The **Unique Registration Facility (URF)** is an online web interface that provides access to the registration service. It is a European Commission service producing unique identification for organisations and, in certain cases, natural persons, required to apply to several European Programmes as **Erasmus+**, Creative Europe, Europe for Citizens, EU Aid Volunteer, Horizon 2020, FP7, CIP, COSME, etc

Access to URF is provided through a single-entry point, the **Participant Portal**. The Participant Portal for the Education Programme **Erasmus+**, Audio-visual, Culture, Citizenship and Volunteering can be found here:

<http://ec.europa.eu/education/participants/portal/desktop/en/home.html>

### **Main Features and requirements**

URF enables potential applicants to perform two main types of actions pertaining to the process of registration of an organisation:

- the **organisation registration** itself (registration of your own organisation or registration on behalf of another organisation), and
- the **update of organisation data**.

**Registration.** The registration procedure is performed in the URF Registration Wizard – a step-by-step, user-friendly tool for entry of all the information required for an organisation to be registered. The URF Registration Wizard is invoked from the Participant Portal page when a new registration is started or when a draft (partially completed and saved) registration is resumed. The URF Registration Wizard uses a heuristic method of detection of organisation duplicates during the registration process.

**Data Update.** The updating of organisation data is mainly managed from the URF Update Panel that contains the relevant organisation details pages. The URF Update Panel is accessed from the Participant Portal page and covers options for updating core, common, and specific data as well as facilities for management of supporting documents.

As a participant, you are only required to register once – URF then assigns you a unique **Participant Identification Code (PIC)** that you can use for all future communication and interactions with the European Commission and its Agencies for the given organisation. The use of a PIC for each organisation helps to avoid redundant requests for information and facilitates the effort to keep participant-related information up-to-date.

## The ECAS Prerequisite

Before you start using URF, note the following about **ECAS** (the **E**uropean **C**ommission's user **A**uthentication **S**ervice) and URF:

- **ECAS** enables authorised users to log in to a wide range of Commission information systems, using a single username and password.
- You must have an **ECAS** (**E**uropean **C**ommission's user **A**uthentication **S**ervice) account to be able to start the initial registration procedure.

For more information, see ECAS help at: <https://webgate.ec.europa.eu/cas/help.html>

## Contact & Support

For technical issues related to URF or the Participant Portal please send an email to the following address: [EC-RESEARCH-IT-HELPDESK@ec.europa.eu](mailto:EC-RESEARCH-IT-HELPDESK@ec.europa.eu)

All questions concerning Erasmus+ actions managed by National Agencies should be addressed to your local National Agencies as they play a key role in the practical implementation of the Programme and can reply in your language. The list and contact information of National Agencies can be found at the Participant Portal (SUPPORT / Contact) or directly at the following address:

<http://ec.europa.eu/education/participant-portal/support/contact>

All questions concerning Erasmus+ actions managed by the Education, Audiovisual and Culture Executive Agency (EACEA) and questions concerning Creative Europe, Europe for Citizens and EU Aid Volunteers should be addressed to the EACEA Helpdesk:

[EACEA-PORTAL-ERASMUSPLUS@ec.europa.eu](mailto:EACEA-PORTAL-ERASMUSPLUS@ec.europa.eu)

[EACEA-PORTAL-CREATIVE-EUROPE@ec.europa.eu](mailto:EACEA-PORTAL-CREATIVE-EUROPE@ec.europa.eu)

[EACEA-PORTAL-EUROPE-FOR-CITIZ@ec.europa.eu](mailto:EACEA-PORTAL-EUROPE-FOR-CITIZ@ec.europa.eu)

[EACEA-PORTAL-EU-AID-VOLUNTEER@ec.europa.eu](mailto:EACEA-PORTAL-EU-AID-VOLUNTEER@ec.europa.eu)

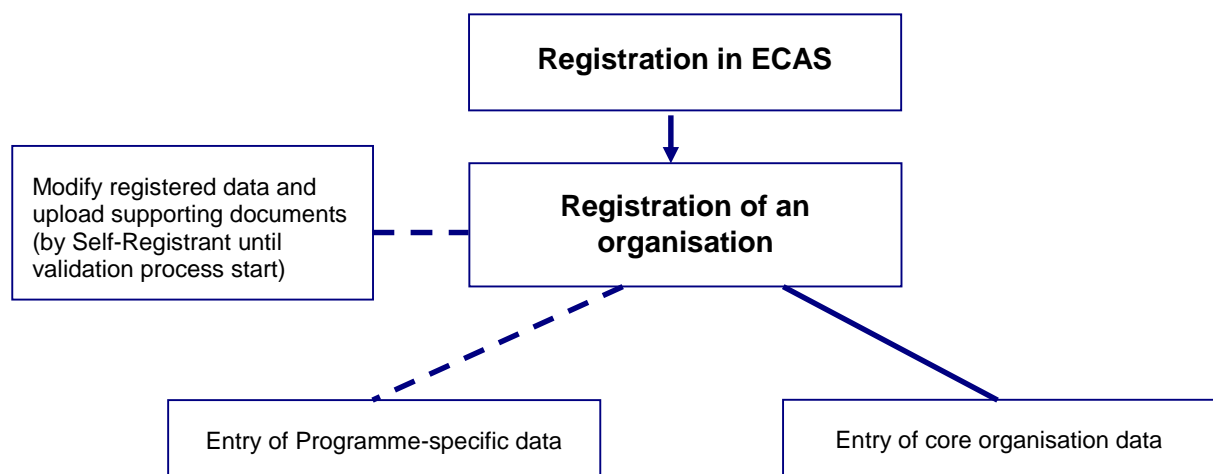

## **URF REGISTRATION PROCESS**

The **Unique Registration Facility (URF)** is responsible for the organisation registration and data update but it is also important for keeping a unified registration method and consistent organisation data.

### **Overview**

There are two main scenarios in URF usage – the registration of a new organisation, and the post-registration modification of organisation data. Outside URF, some additional activities add to the registration process, such as the preliminary ECAS registration.

The following diagram illustrates some basic steps in the URF workflow:

### **The Registration Process**

In URF, you can register:

- your own organisation (an organisation you work for, or to which you are involved in a close business relationship) – when you self-register, or
- a different organisation - when you register "on behalf of another organisation" (an option in the registration wizard).

The process for both variants is identical, the only difference being in the Contact page where you are prompted if you register on behalf of another organisation and if so, you must refer a relevant Contact Person for the organisation being registered. The Contact Person must be formally associated with the organisation.

The initial registration process involves the use of the Registration Wizard – a series of data input fields and selection lists are organised thematically across several pages where you

are prompted to provide information about the organisation as well as additional related data. The last step enables you to provide programme-specific information to better identify your organisation as a future participant.

The Registration Wizard contains a preliminary step (the Welcome page) in order to check whether the organisation that is to be registered already exists in the database. If the organisation data matches an existing legal entity, URF will offer you a list of “similar” organisations that you could choose to use.

### **Saving a Draft and Resuming Registration**

After you complete the initial step in the registration process, you are enabled to save a draft of the registration data submitted up to that point and resume the registration at a later time.

You can save your draft using the  button available on each page from Step 2 onwards.

When you save a registration draft, you will receive an automatically generated notification email to the email address provided during ECAS registration.

You can delete your draft using the  button.

URF will keep your draft for up to 12 months as of the latest draft save. If you do not resume the registration within a year's time, your draft data will be automatically deleted.

### **Organisation Data Modification & Updates**

You can modify your organisation's data from the "My Organisations" tab (by clicking the "OD" button next to the respective organisation) in the main menu.

When you modify organisation data, URF presents the data in the same structure as during the registration and validation processes:

- Core organisation data updates
- Common organisation data updates
- Specific organisation data updates – legal organisation status information, programme-specific data modifications, and so on.

See section **DATA MODIFICATIONS AND UPDATES** further in this document.

## **Document Management**

As a self-registrant, you can upload supporting documents for an organisation and modify their metadata.

You can also read and download all the uploaded documents for the respective organisation. However, you cannot delete a document once uploaded in the system, even if you uploaded it.

## **Message and Error Management**

### Messages: Communication to Self-Registrant

The Message management facility in the Update Panel allows users, associated with the organisation, to create and send custom messages concerning the organisation, as internal or external communication to other parties dealing with this organisation.

### Error Messages

URF will display an error message whenever the data entered is incorrect, incomplete or missing.

Error messages are displayed on the left-hand side of the respective page of the Registration Wizard and the problematic entry field is highlighted.

## **Roles**

When you submit the organisation data as a new participant, you are assigned the Self-registrant role as the actively logged-in user in ECAS. The Self-registrant role is also assigned to the Contact Person if the contact provided in the Registration Wizard is a different person and not the actively logged-in user.

When you register your organisation the Self-registrant role is also assigned in IAM (Identity and Access Management) to the Contact Person. IAM is synchronized with ECAS so On the next synchronisation between IAM and ECAS, ECAS will automatically send an invitation to the Contact Person's email address if it does not have this account registered.

## Viewing Organisation Details

To view the details of an organisation you are linked to, log in to the Participant Portal and open the 'My Organisations' tab. From the 'Organisations' tab page, you can view a list of your organisations – click the  button next to an organisation to view its details.

To view the details of any organisation registered in URF, use the Search where you can search for an organisation by its unique PIC number or by other search criteria.

## **REGISTRATION IN URF**

### **Registration: Access to ECAS & URF**

Registration in URF is the registration of an organisation from the Participant Portal page.

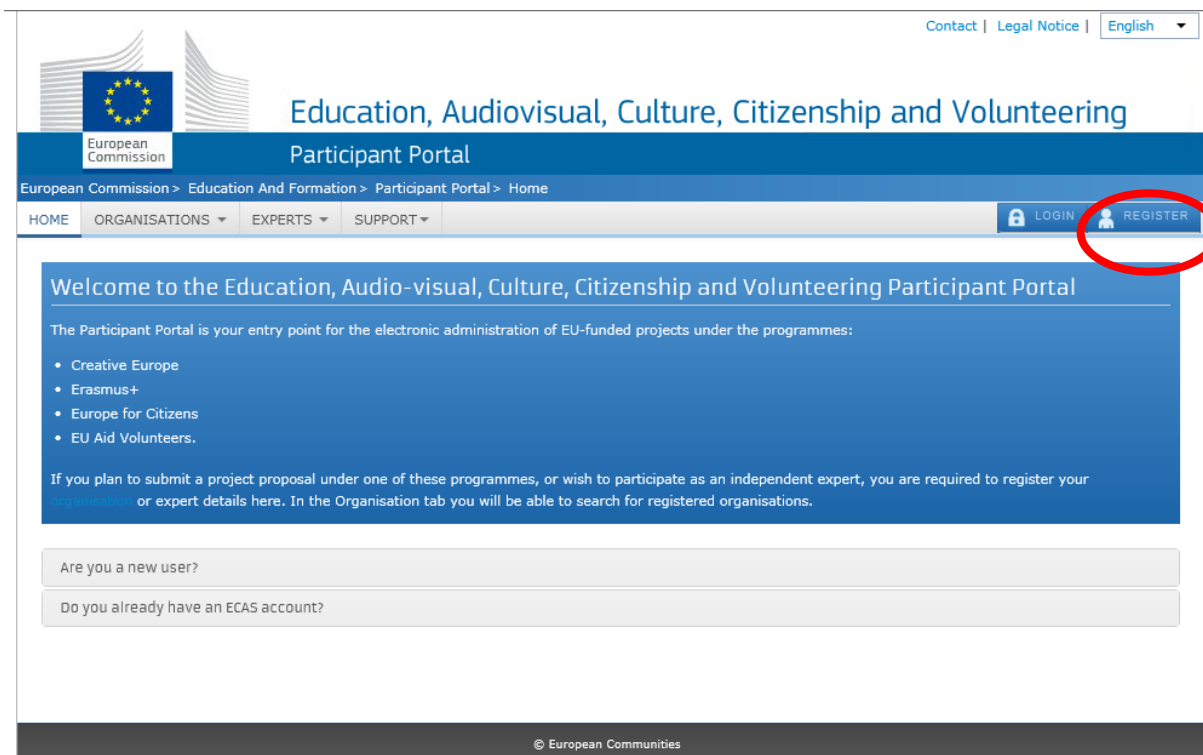

You can register:

- your own organisation as a participant - i.e. an organisation you are part of or are associated with in business terms, or
- on behalf of an organisation different than your "own" one - for example, if you are a Project Coordinator for a project involving a Consortium of several organisations.

Any ECAS user can register an organisation. To self-register in URF, you must first log in to ECAS from the Participant Portal page.

Follow the procedure below to perform the preparatory steps – logging in to ECAS and accessing the URF registration wizard:

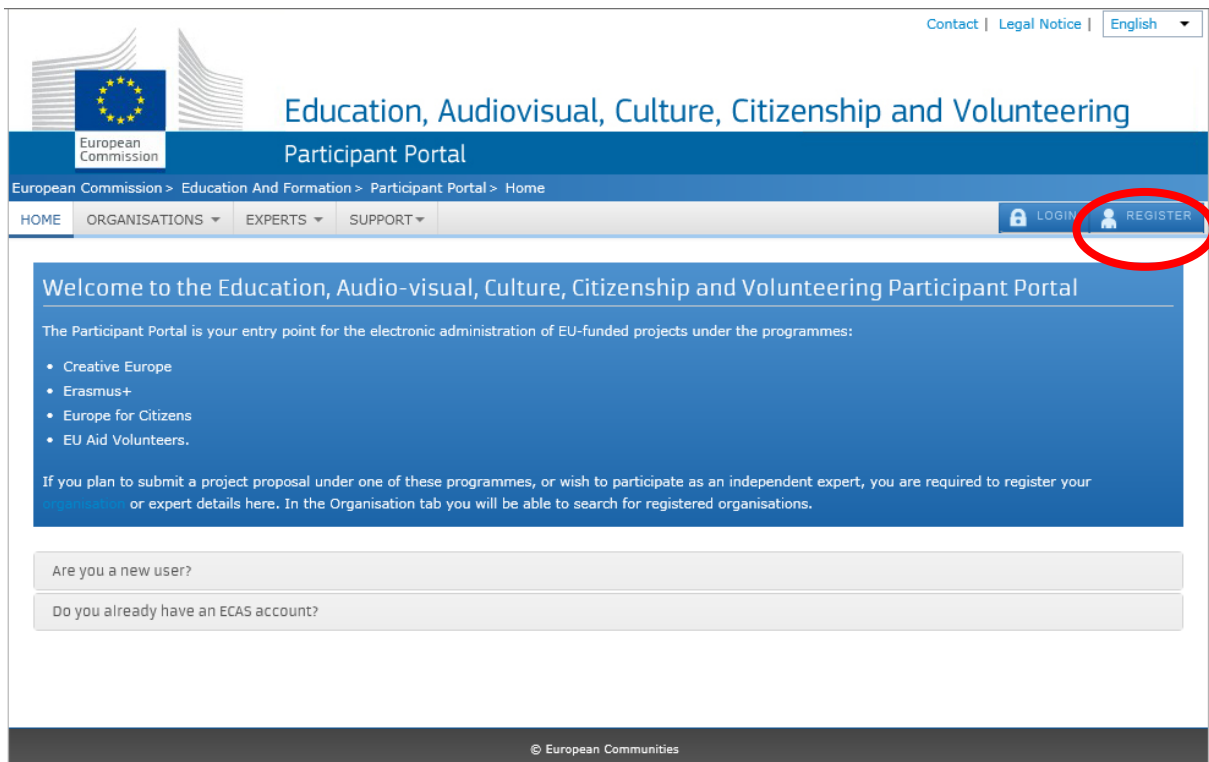

1. In your browser, open the Participant Portal page at <http://ec.europa.eu/education/participants/portal/>
2. Log in to ECAS – click the **Login** button as indicated in the visual example in **Figure 1: Participant Portal - Welcome Page** below.

**Figure 1: Participant Portal - Welcome Page**

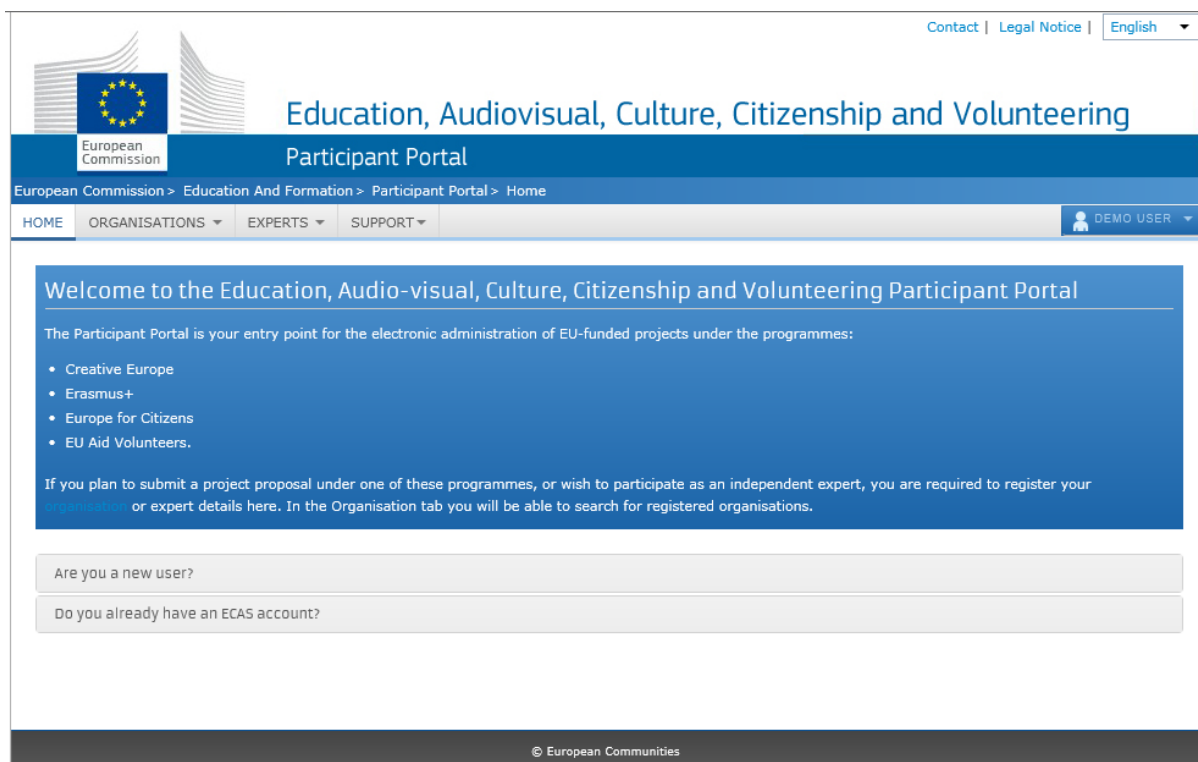

If you are not registered in ECAS yet, please make a new registration by clicking on **Register**, as shown on **Figure 2: Participant Portal - Registration on ECAS**.

For more information on the ECAS registration process see ECAS help at: <https://webgate.ec.europa.eu/cas/help.html>.

**Figure 2: Participant Portal - Registration on ECAS**

Once you log in, the Welcome page of the Participant Portal will open – see **Figure 3: Participant Portal - page after log in.**

**Figure 3: Participant Portal - page after log in**

3. Click **Organisations** tab and then **Register** to open a registration page (**Figure 4: Participant Portal - Register an Organisation**).

The screenshot shows the 'Register an Organisation' page on the European Commission Participant Portal. The page header includes the European Commission logo, the title 'Education, Audiovisual, Culture, Citizenship and Volunteering Participant Portal', and navigation links for 'Contact', 'Legal Notice', and 'English'. A breadcrumb trail reads 'European Commission > Education And Formation > Participant Portal > Register An Organisation'. The main navigation menu contains 'HOME', 'ORGANISATIONS', 'EXPERTS', and 'SUPPORT', along with a 'DEMO USER' profile. The page content is titled 'Register an Organisation' and contains the following text:

To participate in proposals and projects, you must register your organisation first.

After registration, a unique identifier is assigned to your organisation

This is the 9-digit **PIC (Participant Identification Code) number** that will be used as a reference by the Commission in any future interactions. A **single registration** is required for each organisation in the system.

**Organisation Registration**

**Please keep the legal data of the organisation and programme related information at hand.** You can check the information you will need for the registration in the documentation of the call for proposals. Please note that you have to register your organisation before submitting a project application.

**You can pause the registration process at any time and continue it later.** The system automatically saves your draft registration and will keep it until you complete it or for up to one year after its last edit.

At the bottom of the page, there are two blue buttons: 'REGISTER ORGANISATION' and 'RESUME REGISTRATION'.

**Figure 4: Participant Portal - Register an Organisation**

4. Click the **Register Organisation** link to proceed to the actual organisation registration process:

Note: If you have performed some of the registration steps before and you have then saved your draft registration click [Resume Registration](#) there.

## Registration: The Registration Wizard

The URF Registration Wizard provides an easy step-by-step procedure for initial registration, including a preliminary check for an organisation duplicate in the system.

Note that the following buttons are available in all pages of the Registration Wizard:

- Click [Next >](#) / [< Back](#) to go to the next / previous registration page; note that you can browse this way only if you have completed the mandatory fields in the currently open page.
- Click [Save Draft](#) to save your current data in a temporary URF database. This option is available from the **Registration Wizard: ORGANISATION Data** page onwards.

**Save Draft & Resume** Registration for more information.

- Click  to delete your registration draft if you have saved one. This button is read-only when no draft exists.
- Click  to exit the Registration Wizard without saving the data entered since your last saved draft (if any) or since your last login (when no draft exists).
- Most of the entry fields and selection drop-down lists provide additional help tips via the  buttons – hover with the mouse on the respective button to display useful information about the required entry.

## **Registration Wizard: WELCOME (Preliminary Check)**

On the Welcome page of the Registration Wizard, URF performs a registration duplicate check prior to the actual registration process, in case the same organisation has already been registered in the system in the past.

In the Welcome page (see **Figure 5: Registration – Welcome**), perform the following steps:

1. Enter the legal name of the organisation in Latin characters.

The screenshot shows the 'Welcome' page of the Registration Wizard. At the top, there is a language selector set to 'English(en)'. Below that is a progress bar with seven steps: WELCOME, ORGANISATION, ADDRESS, CONTACT, PROGRAMME, SUBMIT, and DONE. The 'WELCOME' step is currently selected. The main content area is divided into two columns. The left column is a blue sidebar titled 'Registration overview' containing instructions. The right column is titled 'Welcome' and contains a form with the following fields: 'What is the Legal Name of your organisation?' (text input with 'Demo Organisation'), 'What is the Country of registration?' (dropdown menu with 'Belgium'), 'Does your organisation have a Value Added Tax (VAT) number?' (radio buttons for Yes/No, with 'Yes' selected), 'Does it have a Business Registration Number?' (radio buttons for Yes/No, with 'Yes' selected), and 'Does it have a website?' (radio buttons for Yes/No, with 'Yes' selected). Below the form are 'Close' and 'Next >' buttons.

**Figure 5: Registration – Welcome**

2. Select the country of registration.
3. Provide the VAT number of the organisation, if available:
  - if the organisation has a VAT number, click **[Yes]** and enter the number in the entry field that appears next to the button row;
  - else, click **[No]** and proceed to the next step.
4. Provide the business registration number of the organisation, if available:
  - if the organisation has a business registration number, click **[Yes]** and enter the number in the entry field that appears next to the button row; If there is any national identification of the organisation, different from PIC and VAT numbers, it can be entered here.

- else, click **[No]** and proceed to the next step.
5. Provide the address of the website of the organisation, if available:
    - if the organisation has an official website , click **[Yes]** and enter the website address in the entry field that appears next to the button row;
    - else, click **[No]** and proceed to the next step.
  6. Click **[Next]** to proceed to the next screen or click **[Close]** to cancel the registration at this time.

Note: During this step you cannot save a draft of the registration data.

The system will display a list of any “similar” organisations matching (or close to) the criteria you have entered. Organisation status can vary ('DECLARED', 'VALIDATED', etc.), as shown on **Figure 6: Matching organisations** below:

**Figure 6: Matching organisations**

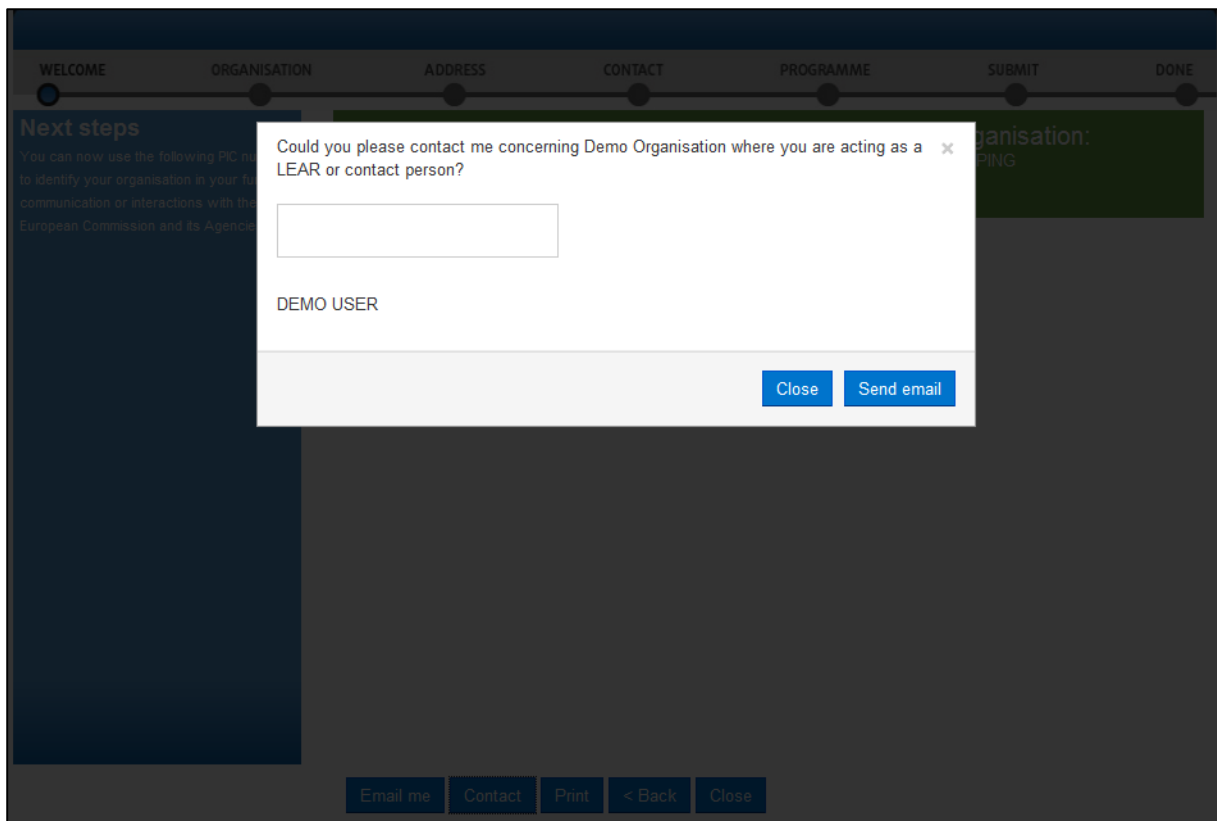

- If you cannot find your organisation in the list, click **Next >** to start the registration procedure.
- If your organisation is displayed in the list, then it has already been registered in URF. Click **More details** for the respective organisation to start using this organisation as a participant and to view available information about it (see **Figure 7: Previously registered organisation**).

**Figure 7: Previously registered organisation**

In the Done page, you have the following options:

- Click **Contact** to send an email to the contact person for the “similar” organisation - see **Figure 8: Explanatory email to the contact person of a similar organisation**. The objective of such communication could be, for example, to formally check with the contact person if the organisation is the correct one to use or not (so you can proceed with the registration of a new entity).
- Click **Email me** to receive a mail containing some data of the 'similar' organisation. See image below.  
Note: This option is not available when a new organisation is being registered.
- Click **Print** to print a summary of the data of the organisation.
- Click **< Back** to go back to the fresh registration page.
- Click **Close** to go back to quit the Registration Wizard and return to the Participant Portal page.

**Figure 8: Explanatory email to the contact person of a similar organisation**

Enter the content of your email to the contact of the organisation and click **Send email** to send the email, or click **Close** to cancel.

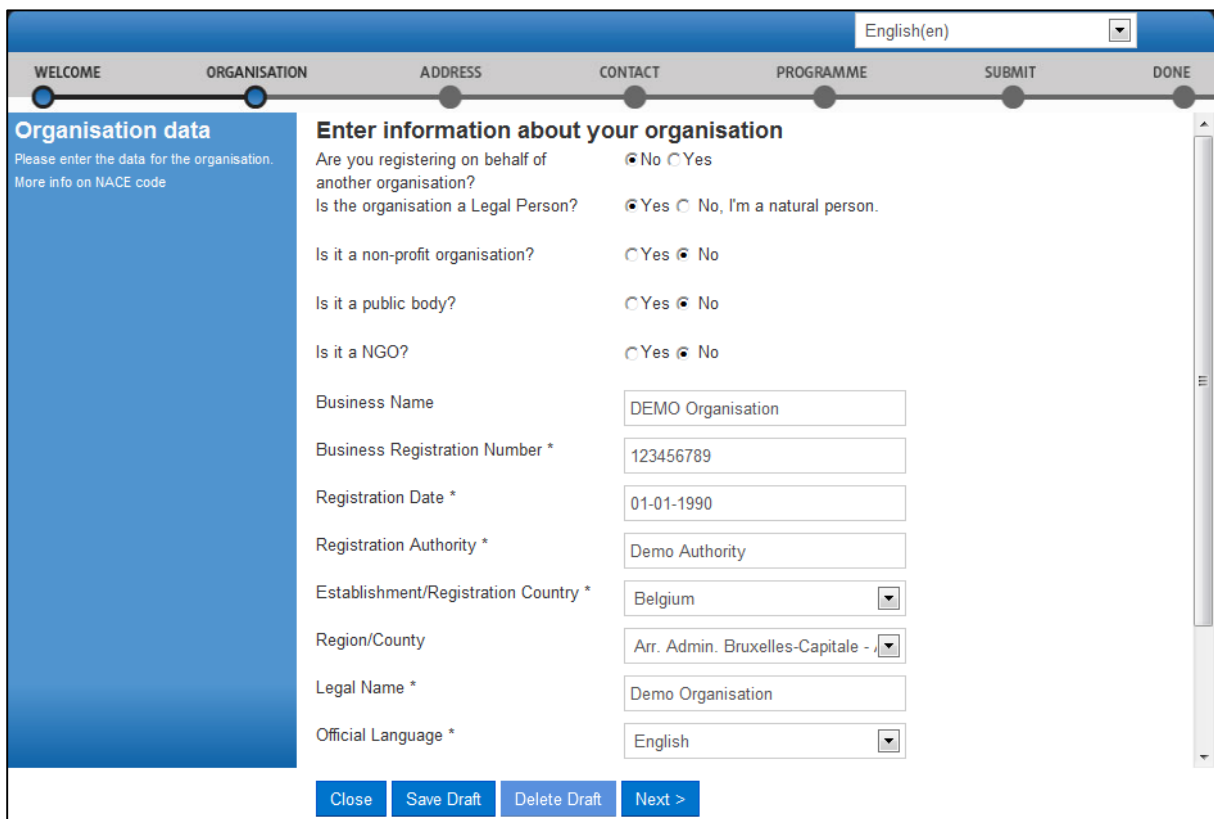

## Registration Wizard: ORGANISATION Data

On the **ORGANISATION** page of the Registration Wizard, URF will prompt you for the core data of your organisation, such as – legal name, business registration number and authority, and more. You are required to fill in all the mandatory entry fields (marked with an asterisk \*) and it is recommended to provide as much information as possible in all other input prompts.

In the Organisation page (see **Figure 9: Registration – Organisation core data**), perform the following steps:

1. In the first prompt, ‘Do you register on behalf of another organisation?’, select ‘Yes’ if you are registering on behalf of another organisation. The default value is ‘No’. Any ECAS user can register on behalf of an organisation different than their own one – for example, a Project Coordinator.

Note: If you are registering on behalf of another organisation, the Participant Identification Code (PIC) that is assigned at the end of the registration process will be associated with that other organisation, so in the next stages of registration you will be required to provide contact data that is relevant to that organisation, including a Contact Person who will be requested to provide supporting documents during the process of validation of the data.

The screenshot displays the 'Organisation data' section of the registration wizard. It features a progress bar at the top with steps: WELCOME, ORGANISATION, ADDRESS, CONTACT, PROGRAMME, SUBMIT, and DONE. The current step is 'ORGANISATION'. The form is titled 'Enter information about your organisation' and includes the following fields and questions:

- Are you registering on behalf of another organisation? (Radio buttons:  No,  Yes)
- Is the organisation a Legal Person? (Radio buttons:  Yes,  No, I'm a natural person.)
- Is it a non-profit organisation? (Radio buttons:  Yes,  No)
- Is it a public body? (Radio buttons:  Yes,  No)
- Is it a NGO? (Radio buttons:  Yes,  No)
- Business Name: DEMO Organisation
- Business Registration Number \*: 123456789
- Registration Date \*: 01-01-1990
- Registration Authority \*: Demo Authority
- Establishment/Registration Country \*: Belgium
- Region/County: Arr. Admin. Bruxelles-Capitale - J
- Legal Name \*: Demo Organisation
- Official Language \*: English

At the bottom of the form, there are four buttons: Close, Save Draft, Delete Draft, and Next >.

**Figure 9: Registration – Organisation core data**

2. In the next four prompts, specify the type of the organisation you are registering.

FIELD	COMMENT
<b>Legal Person</b>	<p><i>A Legal Person has a legal personality, can act on its own name, exercise rights and be subject to obligations.</i></p> <p><i>A 'Legal Person' is established on the basis of an act of incorporation and usually also a registration is required. A Legal Person exercises rights and is subject to obligations with regard to the national law of its place of establishment, community law or international law. A Legal Person can group other legal entities (natural or legal), or contain only possessions (e.g. foundation).</i></p>
<b>Natural Person</b>	<p><i>A 'Natural Person' is a citizen (to be distinguished from a 'Legal Person', which refers to corporations, etc.).</i><b>For informal groups of young people, one member of the group should register, as a natural person, in the Organisation tab, on behalf of the group.</b> <i>Natural Persons always have legal personality and are therefore legal entities without other proof being required than their identification papers. Please note that an individual who is registered as a freelance professional and has a VAT number, can also be considered a 'Legal Person', in addition to being a 'Natural Person'. As a result, a citizen who is a freelance professional must choose whether to apply as a 'Natural Person' or as a 'Legal Person'.</i></p>
<b>Non-Profit Organisation</b>	<p><i>A legal entity is qualified as a 'Non-Profit Organisation' when it is considered as such by national or international law (international organisations as well as any specialised agency set up by international organisations).</i></p> <p><i>As a general consequence, any possible profits have to be reinvested within the organisation itself and may not be distributed. The quality of being a Non-Profit Organisation has to be proven by your statute.</i></p>

FIELD	COMMENT
<b>Public Body</b>	<p><i>A 'Public Body' stands for any legal entity established as such by national public law, and international organisations.</i></p> <p><i>Established' signifies that the legal entity must be either incorporated as a Public Body in the formal act and/or governed by public law (usually both are required).</i></p> <p><i>To define a legal entity as a Public Body, more criteria are required than just the direct supervision of a legal entity by the State, the public financing or the public service mission.</i></p>
<b>NGO</b>	<p><i>A 'Non-Government Organisation' (NGO) stands for a legally constituted corporation created by natural or legal persons that operate independently from any form of government. The term normally refers to organisations that are not a part of a government and are not conventional for-profit businesses. In the cases in which NGOs are funded totally or partially by governments, the NGO maintains its non-governmental status by excluding government representatives from membership in the organisation. NGOs are typically non-profit organisations..</i></p>

3. Enter the 'Business name' of the organisation (optional). The Business Name can be the official acronym of your organisation. This field can also be used to enter the name of the organisation in other than "Latin characters". This will facilitate the communication across Europe. It can be up to 40 characters long.
4. Enter your 'Business registration number' of the organisation (if available). This is usually a unique code identifying your organisation, usually provided by the Chamber of Commerce of the country of registration/establishment of the organisation. Tips: The Registration Number, the Registration Authority, and the Registration Date are usually provided in the same document. Contact your financial department for more information. Any other national identification of the organisation, different from PIC and VAT numbers, can be entered here. If your organisation does not have a Business Registration Number, you can enter "not applicable".
5. Enter the 'Registration date' when the organisation was established/registered. The Registration Date is the date when your organisation was established or registered as such - for example, with the Chamber of Commerce in your country.

**Figure 10: Registration – Organisation core data (scroll down)**

6. Enter the 'Registration authority' under which the organisation was established/registered. The Registration Authority is the authority that your organisation was registered before - for example, the administrative body of the city/region, the Chamber of Commerce, and so on.
7. Select the 'Establishment/Registration Country' of the organisation from the drop-down list. Usually this is the location of the headquarters of the organisation.
8. Select the 'Region/County' where the organisation was established/registered. Even if marked as "optional" this information is essential for the Education Programme. It is strongly suggested to fill the region.
9. Enter the 'Legal Name' of the organisation. The Legal Name must correspond to the official legal name in the statute of the organisation but needs to be entered in Latin characters. This field can be up to 240 characters long.
10. Select the 'Official Language' for the organisation. This is the language officially used for communication within the organisation.
11. Provide the 'VAT number' of the organisation (if available) – click 'Yes' and enter the VAT number in the field that is will appear next to the button. The VAT number is a unique number given to every organisation that pays Value Added Tax (VAT).

12. Provide the 'NACE code' of the organisation (if applicable). The statistical classification of economic activities in the European Community (in French: *Nomenclature statistique des activités économiques dans la Communauté européenne*), commonly referred to as 'NACE', is a European industry-standard classification system using a 6-digit code format. For more information: [http://ec.europa.eu/eurostat/ramon/index.cfm?TargetUrl=DSP\\_PUB\\_WELC](http://ec.europa.eu/eurostat/ramon/index.cfm?TargetUrl=DSP_PUB_WELC)

13. Specify the 'Legal form' of your organisation – expand the drop-down list and select the option that best corresponds to the legal registration form of your organisation. Select 'OTHER' if you cannot find a suitable legal form in the list. The legal form is usually noted in the registration act/statute of the organisation. It depends on the type of the legal entity and the country of registration. For example, if your organisation is a private body, its legal form could be LLP, Ltd, PLC, SA, GmbH, etc. After validation of the organisation data, the Legal Form field will be shown as validated by the European Commission.

Note: 'University' and 'Public Body' are not valid legal forms.

14. Click .

## **Registration Wizard: Legal ADDRESS Data**

On the **ADDRESS** page of the Registration Wizard, URF will prompt you for the legal address of your organisation and for other data related to this – such as, internet address, phone numbers, etc.

You are required to fill in all the mandatory entry fields (marked with an asterisk \*) and it is recommended to provide as much information as possible in all other input prompts.

In the Address page (see **Figure 11: Organisation Legal Address related information**), perform the following steps:

1. Enter the 'Street name' as part of the Legal Address, as stated in the official legal statute of the organisation (in most cases this is the address of the headquarters, not the address of subsidiaries, departments, and so on).

The screenshot shows a web form titled "Enter Legal Address information" with a navigation bar at the top containing steps: WELCOME, ORGANISATION, ADDRESS (highlighted), CONTACT, PROGRAMME, SUBMIT, and DONE. A language dropdown menu is set to "English(en)".

**Legal address data**

3. Enter the 'P.O. Box' number if the organisation has a postal box.
4. Enter the 'Postal code' - the Postal/ZIP Code of the organisation's Legal Address.
5. Enter the 'CEDEX' code - only applicable for France.

6. Select the 'City' of the organisation's Legal Address from the list. This is the official name of the City where the organisation was established.
7. Specify the 'Region/County' where the organisation was established.
8. Select the 'Country' of the organisation's Legal Address from the list. This is the official name of the Country where the organisation was established.
9. Specify the 'Main phone' number for official communication with the organisation. Use the following format, without any spaces: +CCCNXXXXXXXXXXXXXXXXxBBBBB : international code -C- (1-3 digits, no zeros) followed by your phone number -N- (max 14 digits), followed by extension -B- ("x" char + max 5 digits; optional).
10. Enter the 'Fax' number for official communication with the organisation. Use the following format, without any spaces: +CCCNXXXXXXXXXXXXXXXXxBBBBB : international code -C- (1-3 digits, no zeros) followed by your phone number -N- (max 14 digits), followed by extension -B- ("x" char + max 5 digits; optional).
11. Specify the 'Secondary phone' number for official communication with the organisation. Use the following format, without any spaces: +CCCNXXXXXXXXXXXXXXXXxBBBBB : international code -C- (1-3 digits, no zeros) followed by your phone number -N- (max 14 digits), followed by extension -B- ("x" char + max 5 digits; optional).
12. Specify the 'Internet address' for official communication with the organisation. The format must be [www.homepage.domain](http://www.homepage.domain) - for example, [www.mycompany.com](http://www.mycompany.com).
13. Click  to proceed to the next step.

## **Registration Wizard: CONTACT Data**

On the **CONTACT** page of the Registration Wizard, URF will prompt you to enter the contact information of the person who will be the official point of contact for this organisation. If you are registering on behalf of another organisation, the Participant Identification Code (PIC) that is assigned at the end of the registration process will be associated with that other organisation, so please provide contact data that is relevant to that legal entity, including a Contact Person who will be requested to provide supporting documents during the process of validation of the data.

You are required to fill in all the mandatory entry fields (marked with an asterisk \*) and it is recommended to provide as much information as possible in all other input prompts.

In the Contact page (see **Figure 12: Registration – Contact Information**), perform the following steps:

1. Enter the 'Title' of the Contact Person (Mr., Mrs., Prof., Dr., etc.).

English(en)

WELCOME ORGANISATION ADDRESS CONTACT PROGRAMME SUBMIT DONE

**Contact data**  
During this step, you are prompted to provide official contact information for communication relating to your organisation during the validation process and as a future participant. The Validation Services will use this information to contact you (or the designated Contact Person) during the process of validation of your organisation data.

**Figure 18: Registration - Confirmation**

At this point URF will immediately send a confirmation e-mail containing the data you have submitted and the Participant Identification Code (PIC) of the organisation. The email will be sent to the emails of the self-registrant (as defined by their ECAS account) and to the Contact Person (using the Professional email provided in the Contact page).

An example of a confirmation e-mail follows below, including Erasmus+ programme-specific information:

From: fp7-pdm-noreply@ec.europa.eu

Subject: Your registration in the E.C. Unique Registration Facility (URF)

Dear Mr./Mrs. DEMO USER,

The Education and Culture Directorate-General and the Education, Audiovisual and Culture Executive Agency of the European Commission thank you for having registered a legal entity in our database of participant organisations.

The record has been successfully created. The TEMPORARY Participant Identification Code (PIC) for the legal entity you have registered is 949701296.

You can now use your PIC in order to submit a proposal for the EAC/EACEA programmes. If your organisation is selected for the projects managed by EACEA then your organisation will need to pass a Legal Entity validation and your organisation will have to provide supporting documents.

Please find downloadable forms and instructions on

[http://ec.europa.eu/budget/contracts\\_grants/info\\_contracts/legal\\_entities/legal\\_entities\\_en.cfm#fr](http://ec.europa.eu/budget/contracts_grants/info_contracts/legal_entities/legal_entities_en.cfm#fr)

In case your organisation is applying for the projects managed by the national agencies (hyperlink to the list of NAs and list of projects (actions) managed by NA), your organisation should then provide the supporting documents as requested in the Guide for applicants and by your National Agency (this can be done by uploading the supporting documents in URF).

Please note that the validation could result in a possible change of the PIC (if e.g. the validation reveals that the same legal entity already exists under another PIC).

## Save Draft & Resume Registration

After you complete the initial step in the registration process, you are enabled to save a draft of the registration data you have entered up to that point, and resume the registration at a later time.

To save a draft, click the  button available on each page from **Registration Wizard: ORGANISATION Data** onwards. URF will display two notification messages on the screen, as shown on **Figure 19: Registration – Save Draft notification 1** and **Figure 20: Registration – Save Draft notification 2**.

**Figure 19: Registration – Save Draft notification 1**

**Figure 20: Registration – Save Draft notification 2**

Each time you save a registration draft, you will receive an automatically generated notification email to the email address provided during ECAS registration.

To resume the registration from a saved draft, log in and click the [Resume Registration](#) link in the 'Resume a draft registration' area in the 'Register' tab - see **Figure 21: Registration – Resume a draft registration** below:

**Figure 21: Registration – Resume a draft registration**

Note: The system will only resume registration from your latest draft – you cannot keep more than one registration draft at a time.

Note: The [Resume Registration](#) link is only available if you have an existing draft saved.

The Registration Wizard will open the page where you last saved your draft so that you can complete any remaining registration steps and modify/verify your current data from the respective pages- see **Figure 22: Registration - Data Modifications**.

**Organisation data**  
Please enter the required data for the organisation you are registering.

If you are registering on behalf of another organisation, click 'Yes' on the respective prompt at the top of the page. In this case, the Participant Identification Code (PIC) that is assigned at the end of the registration process will be associated with that other organisation, so please provide contact data that is relevant to that entity, including a Contact Person who will be requested to provide supporting documents during the process of validation of the data.

**Enter information about your organisation**

Are you registering on behalf of another organisation?  No  Yes

Is the organisation a Legal Person?  Yes  No, I'm a natural person.

Note: URF will keep your draft for up to 12 months as of the latest draft save. If you do not resume the registration within a year's time, your draft data will be automatically deleted.

## Modifying the Registered Data

After submitting your registration data you can modify the registered data from the 'Organisations' > 'My Organisations' tab. To do so, click the  button next to the organisation – see **Figure 23: Registered organisations** below.

The screenshot displays the 'My Organisations' section of the Participant Portal. At the top, there is a navigation bar with 'HOME', 'ORGANISATIONS', 'EXPERTS', and 'SUPPORT'. A user profile 'DEMO USER' is visible in the top right. Below the navigation, a legend identifies buttons: 'VO' (View Organisations), 'MO' (Modify Organisations), 'OP' (View Proposals), 'OR' (View Roles), and 'VP' (View Profile). A search bar and a 'Show 10 entries' dropdown are present. The main content is a table with the following data:

NAME	PIC	VAT	STATUS	ACTIONS
Demo Organisation	949701296	BE123456789	DECLARED	 

At the bottom of the table, it says 'Showing 1 to 1 of 1 entries.' and there are navigation buttons: '← PREVIOUS', '1', and 'NEXT →'. The footer of the page reads '© European Communities'.

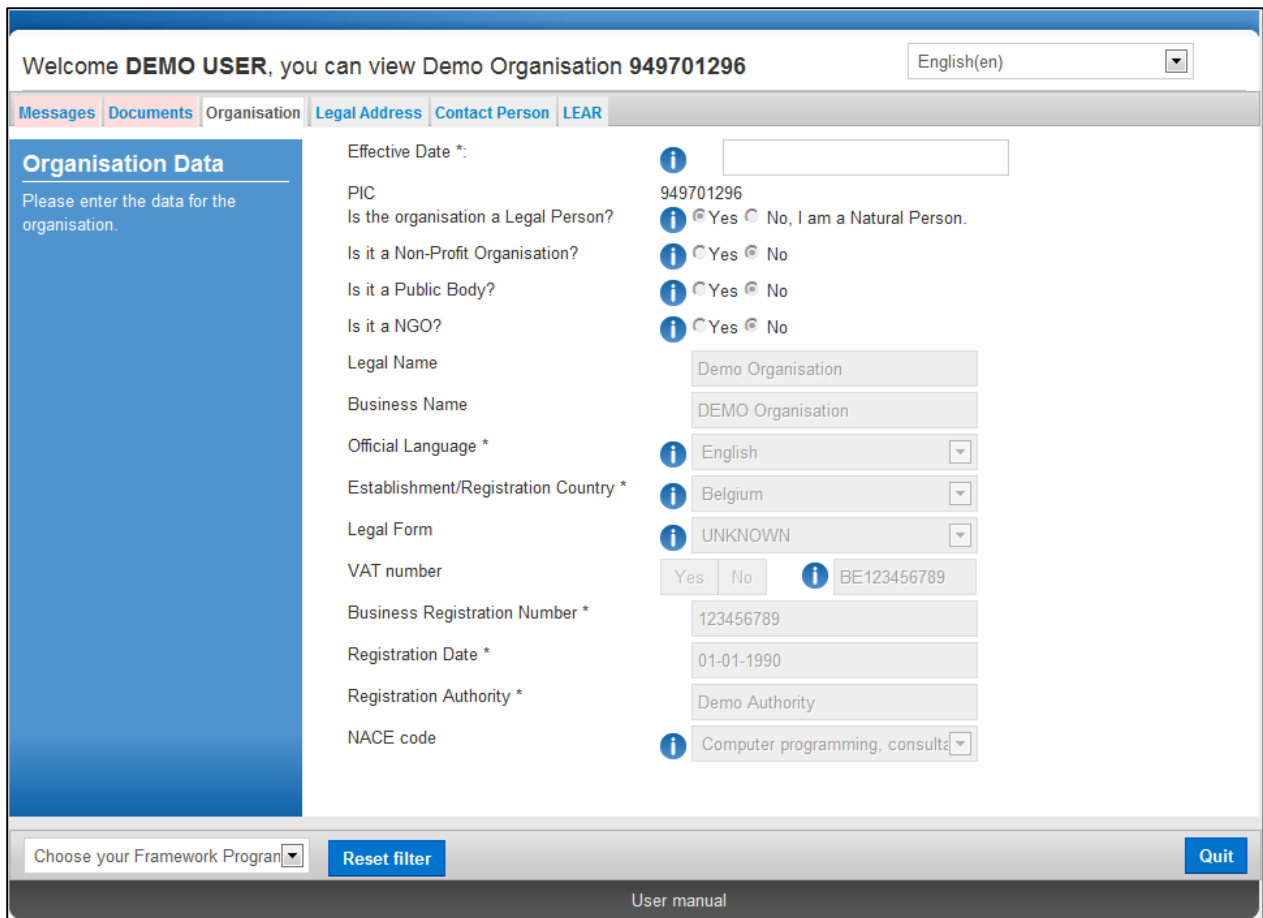

**Figure 23: Registered organisations**

For more information, see section **Modifying Organisation Data**.

## Viewing the Registered Data

To view your registration data as a self-registrant, after submitting it but prior to the start of its validation, go to the 'Organisations' > 'My Organisations' tab and click the  button next to the respective organisation.

The 'My Organisation' tab page in the organisation data update panel will open by default. You can view the organisation, legal address, and contact person details from the respective tab pages (see **Figure 24: Registration - Data Submitted**).

The screenshot displays a web interface for viewing registration data. At the top, it says "Welcome DEMO USER, you can view Demo Organisation 949701296" and has a language dropdown set to "English(en)". Below this is a navigation bar with tabs: "Messages", "Documents", "Organisation", "Legal Address", "Contact Person", and "LEAR". The "Organisation Data" tab is active, showing a sidebar with the heading "Organisation Data" and the instruction "Please enter the data for the organisation." The main content area lists various fields with their values and status:

At the bottom of the form, there is a "Choose your Framework Program" dropdown, a "Reset filter" button, and a "Quit" button. A "User manual" link is also visible at the very bottom.

**Figure 24: Registration - Data Submitted**

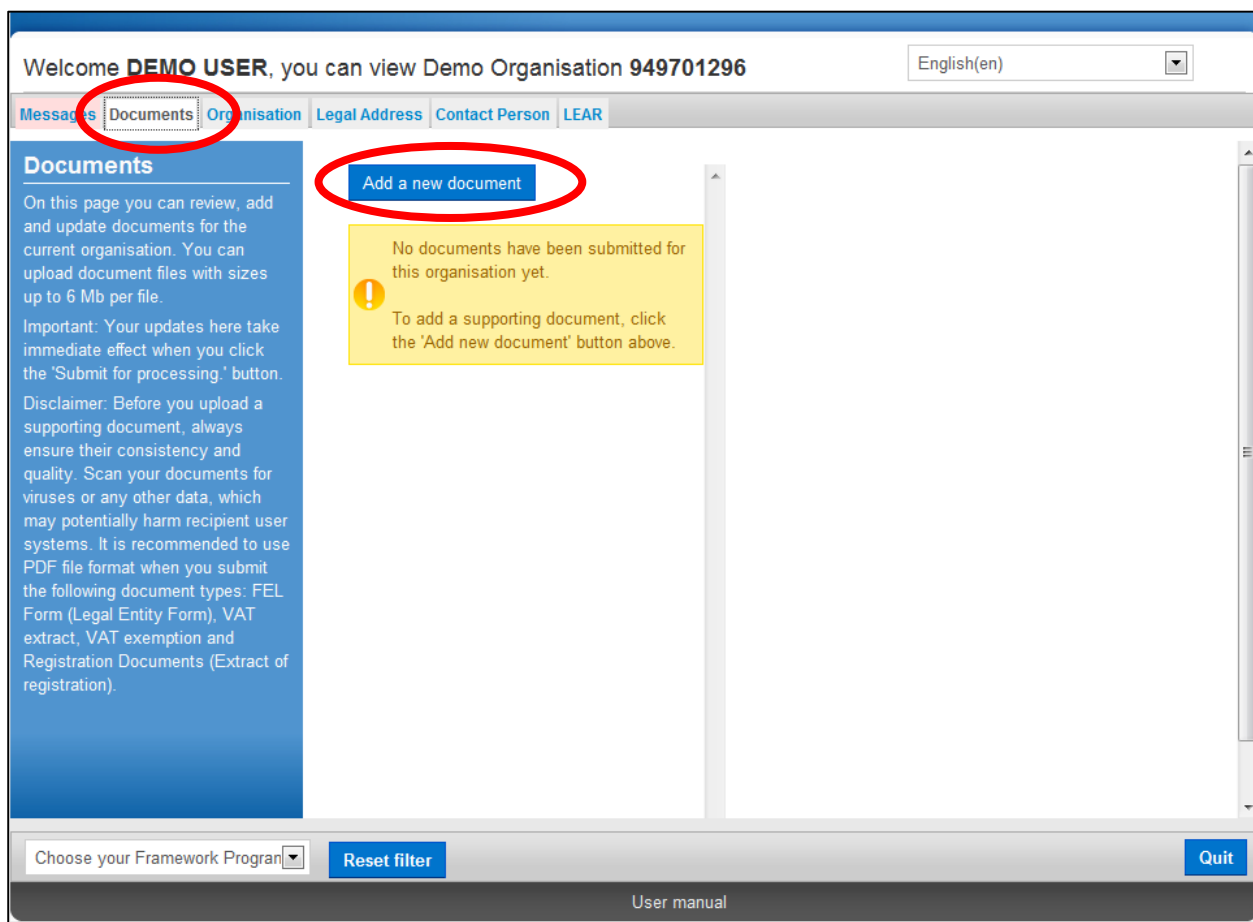

## Uploading Supporting Documents

You are able to upload additional documents up to 6 MB per document file. Once uploaded, these documents cannot be withdrawn or modified.

**IMPORTANT:** For full details about Document Management in URF, see section **DOCUMENT MANAGEMENT**. The current section only provides a step-by-step procedure for uploading documents as a Self-Registrant.

To access the Document Management facility, click go to the 'My Organisations' > 'Organisations' tab in the main menu of the Participant Portal, then click the  button next to the organisation for which you want to upload documents.

The 'Organisation' tab page in the URF Update Panel will open by default. To upload a document, go to the Documents tab, as shown in **Figure 25: Registration - Documents Page**.

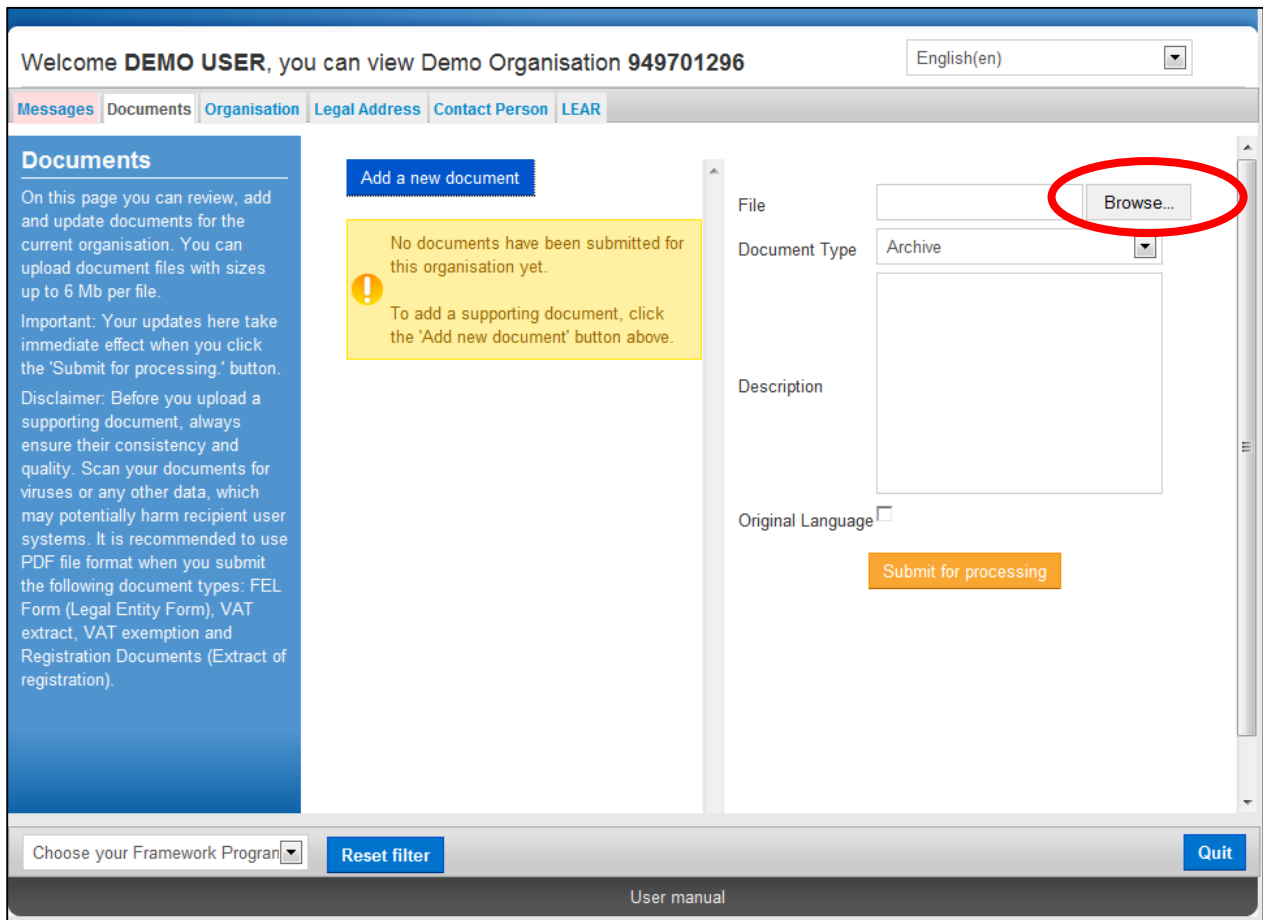

**Figure 25: Registration - Documents Page**

Note: The Update Panel, where the Document Management Facility is located, will show additional tabs when a specific programme is selected from the drop-down list at the bottom left corner of the page.

To upload a new document, perform the steps below:

1. Click **Add new document** and the document properties pane will appear on the right-hand side of the page:

**Figure 26: Registration - Upload New Document Page**

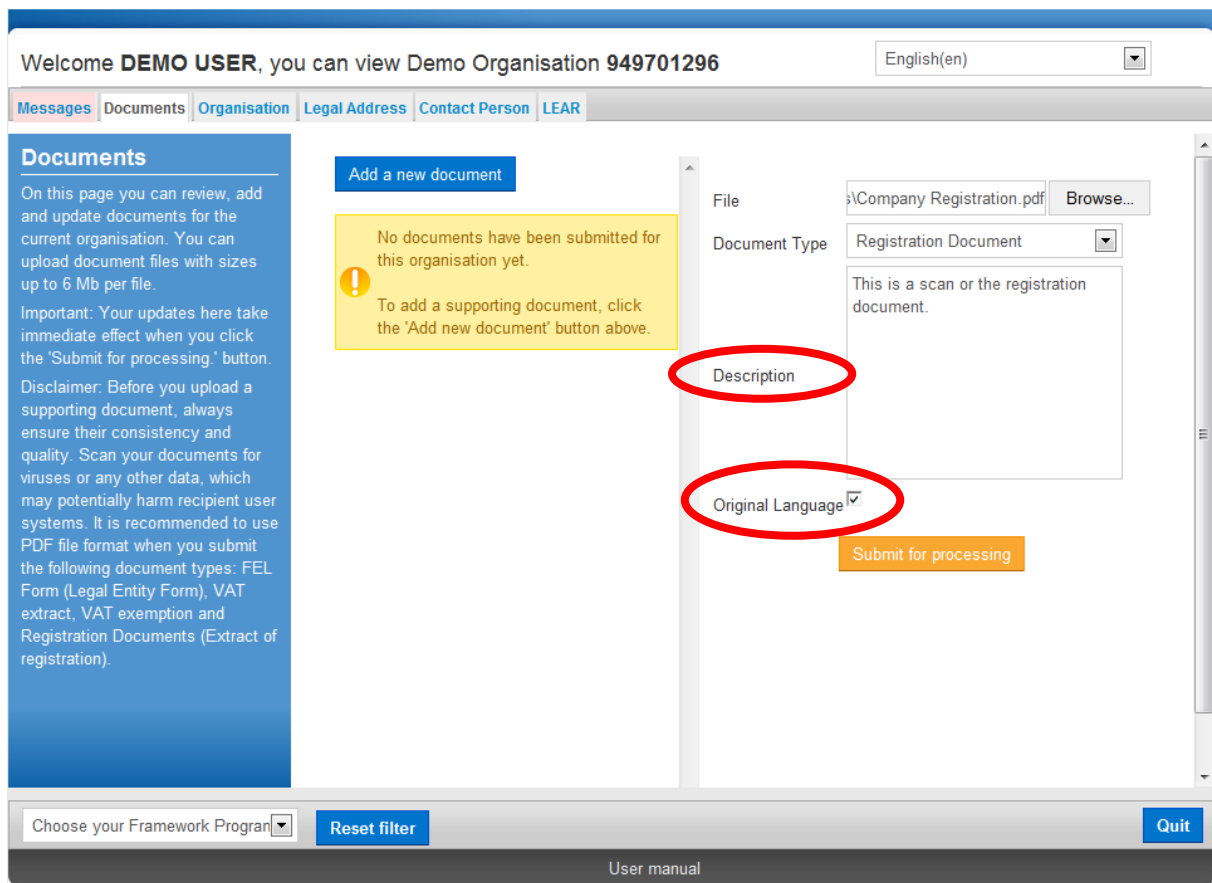

2. Click **Browse...** to browse for the file you want to upload.
3. Select the desired document file and click **Open**

4. Select the Document Type from the drop-down list (**Figure 27: Registration - Upload Document – Document Type**):

**Figure 27: Registration - Upload Document – Document Type**

Note: If your document does not fall under any of the types in the list, select type 'Other'. See section **DOCUMENT MANAGEMENT** for more information about document types.

**Figure 28: Registration - Upload Document –Description & Official Language**

5. In the Description field (Figure 28: Registration - Upload Document –Description & Official Language), enter a description of the file – author, subject, content, and so on.
6. Check the 'Original language' box if the document is in the original language of the organisation (for example, the place of establishment of the organisation).
7. Finally, click **Submit for processing** to save your data and to upload your file.

**Figure 29: Registration - Uploaded Document List**

Your document has been uploaded - in the document list area on the left-hand side of the page (**Figure 29: Registration - Uploaded Document List**), you can now see all your uploaded files.

Note: See section **DOCUMENT MANAGEMENT** for more information about document statuses.

8. Now you can:

- click **Add new document** to upload another document , or
- click **Quit** to exit the Documents Management Facility URF Update Panel.

Note: All changes made in the 'Documents' tab are recorded immediately. However, if you have made other updates in the remaining tabs, you must click **Update your data** to save all the changes before quitting.

  - Legal Address
- **Common data:**
  - Contact Person
  - Document Management
- **Specific data:**
  - EAC organisation type

## Updating Core Organisation Data

Core data updates cover the modification of core organisation information and legal address data in the Organisations and Legal Address tabs.

### Organisation data

In the Organisation tab, you can modify all the core data of the organisation that was originally provided during the initial registration process. See section **Registration Wizard: ORGANISATION Data** for details about each field.

When you modify the Legal Name, the Business Registration Number and/or the Establishment/Registration Country of the organisation, you are required to specify the Effective Date when this modification is to enter into force. This information is required for grant amendment reasons.

Note: The Effective Date entry field is read-only by default and will only become editable after one or more of the updates mentioned above is made.

Click **Quit** to close the URF Update Panel **without** saving your latest updates.

*To validate your updates:*

Click **Update your data** to save all the updates made in **ALL** of the tabs. A confirmation prompt will appear asking you if you are sure you want to submit your changes (Figure 37: Confirmation of modifications)

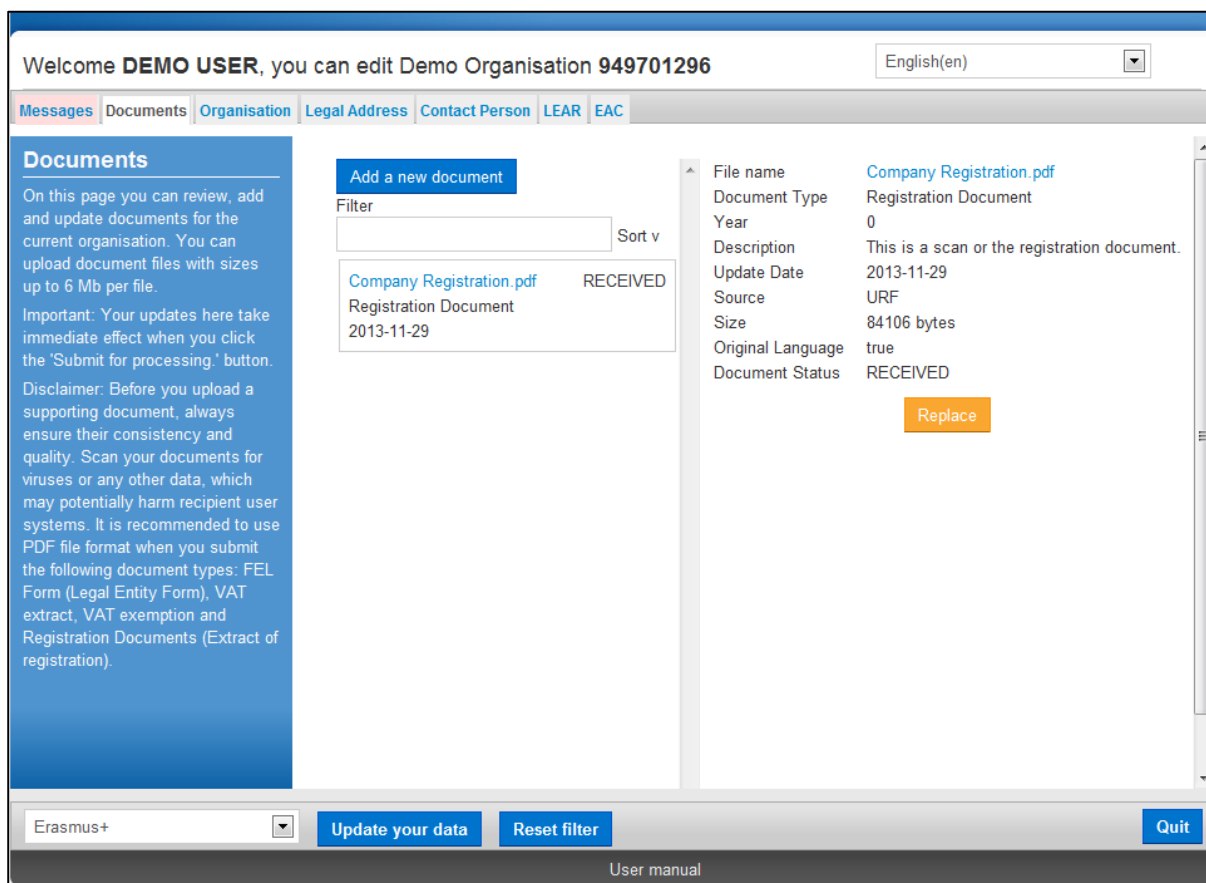

**Figure 37: Confirmation of modifications**

- If you cancel the validation, URF will keep your latest updates and you will return to the last tab you had open. You can go on with your updates as well as introduce new changes.
- When you confirm the validation, URF will save your updates and will close the Update Panel. Next you can either return to the EAC Participant Portal page or log out.

# DOCUMENT MANAGEMENT

The **Document Management Facility** (the 'Documents' tab in the URF Update Panel) enables authorised users to upload new supporting documents and to modify the metadata (descriptions) of the documents uploaded by them.

**Figure 38: Modifications of the validated data (Documents tab)**

You can **upload** document files with sizes up to **6 Mb per file**. There is no limitation about the overall size of all the uploaded documents for an organisation. You must provide the 'Description', 'Type', and 'Author' for each document you upload – these fields are mandatory.

You can also **read** and **download** all the uploaded documents for the respective organisation. However, **you may not delete** a document once uploaded in the system, even if it was you who uploaded it.

## View, Sort and Search

- **View:** To view the properties of a document, just click somewhere in the box surrounding it in the list. The document details will appear in the right-hand side where you can edit the metadata.
- **Sort:** The documents in the list are sorted by upload date. Use the small arrow button next to the 'Sort' label to switch the sort order (ascending / descending).
- **Search:** You can search for the supporting documents related to an organisation using the 'Filter' box just above the document list (not visible when there are no documents in the list). The document search is performed using the following metadata: file Name, Type, Author, Status.

## Document Types

The URF Document Management Facility provides a list of pre-defined document types for selection during document upload.

The Document Type selection list is available in the right-hand side pane when you add a new document or edit the data of an existing one – see below:

**Figure 39: Modifications of the validated data (Document Types selection list)**

The type names are descriptive of their purpose and content. When you upload a supporting document, please select the type that best matches the document you are about to upload. If

none of the pre-defined types is suitable, select type 'Other' and add consistent information about the document in its Description.

## Limitations

You may not upload executable files and script files - these are not accepted by the system. For example, files with extensions .exe, .bat, .com, .vbs, .vb, .ocx, .tlb, .js, .bas, .dll, .war, .cmd, .pl, .php, .sh are such files.

You may not upload files with sizes larger than 6 Mb per file.

## Uploading a new document

To upload ("add") a new document, perform the steps below:

1. Click [Add new document](#) and the document properties pane will appear on the right-hand side of the page:

Figure 40 : Updates- Adding a New Document (browse)

2. Click  to browse for the file you want to upload.
3. Select the 'Document Type' from the drop-down list. If your document does not fall under any of the types in the list, select type 'Other'.
4. In the Description field, enter a description of the file – author, subject, content, and so on.

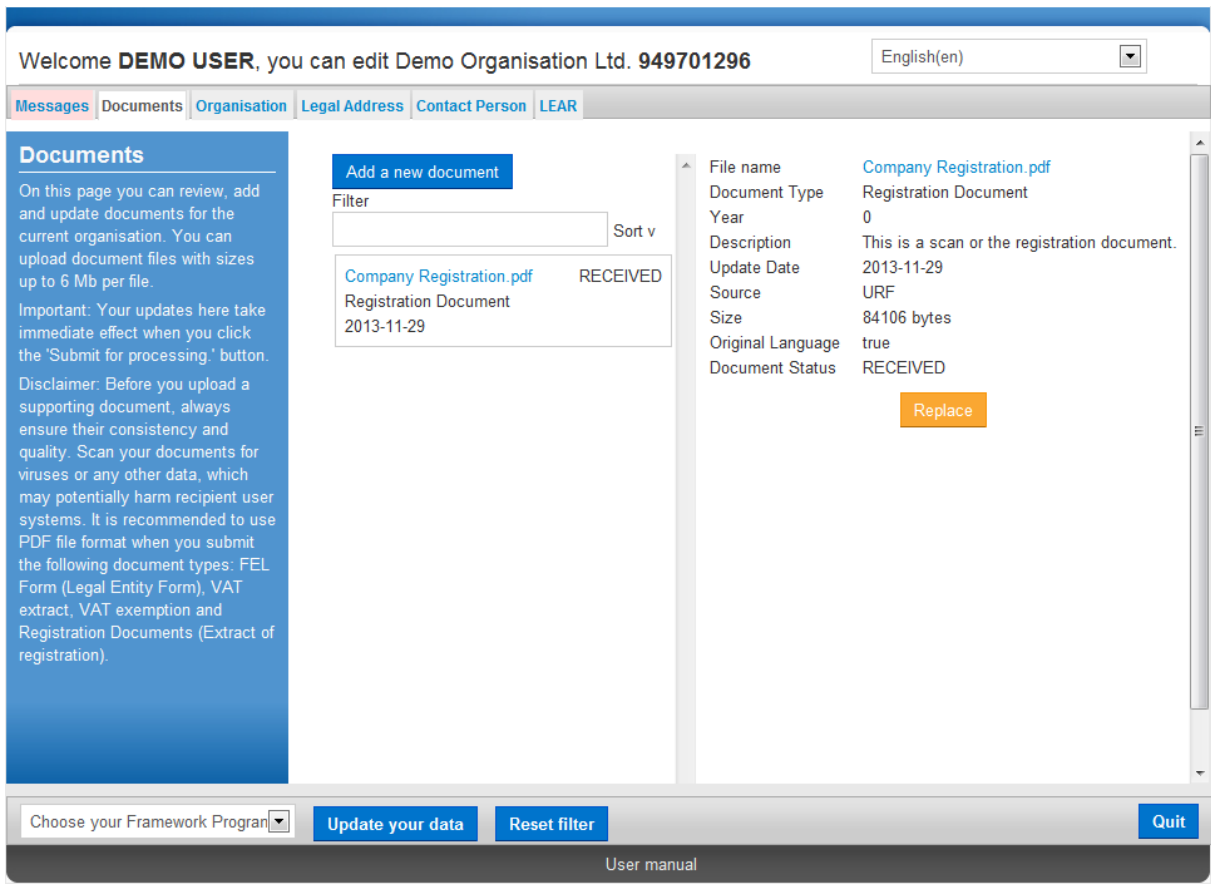

**Figure 41 : Updates- Adding a New Document (properties)**

5. Check the 'Original language' box if the document is in the original language of the organisation (for example, the place of establishment of the organisation).
6. Finally, click  to save your data and to upload your file.

## Editing the properties of a document

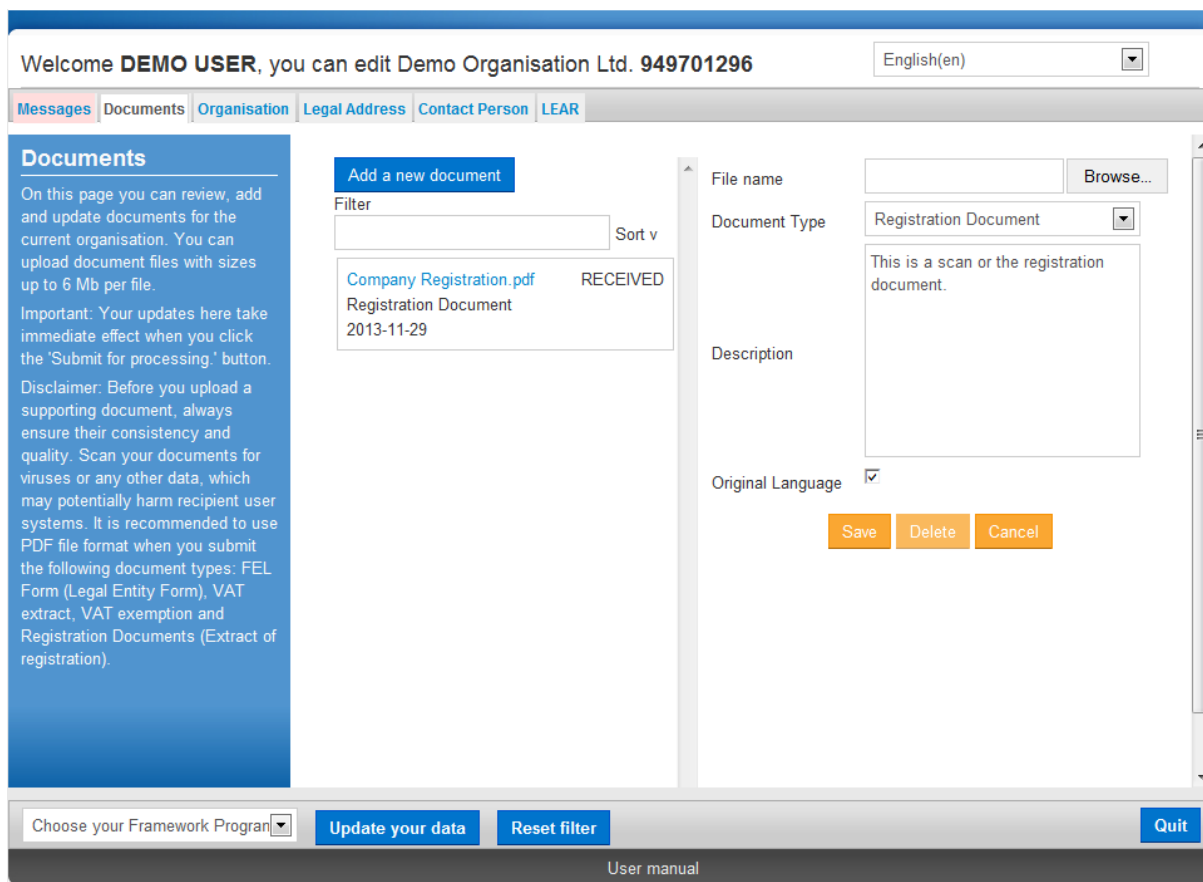

To edit the properties of an uploaded document:

1. Click on the surrounding box of that document to display its properties in the document properties pane:

**Figure 42 : Updates- Adding a New Document (edit document properties 1)**

2. Click  to open the document properties in editing mode:

**Figure 43 : Updates- Adding a New Document (edit document properties 2)**

3. Modify the document properties as needed.

4. Click  to save your changes, or click  to cancel the update.

## Replacing a document

To replace an uploaded document:

1. Click on the surrounding box of that document to display its properties in the document properties pane:

Figure 44 : Updates- Adding a New Document (replace document 1)

2. Click **Replace** to open the document properties in editing mode:

**Figure 45 : Updates- Adding a New Document (replace document 2)**

3. Click  to browse for the replacement file:

4. Click  to save your changes, or click  to cancel the update.

### **Downloading a document**

To download a document, click on its name in the document list. Usually a file download prompt will pop up, depending on your browser.

If you cannot download a document file, check the security settings of your browser.

### **Deleting a document**

You may not delete a document that has been uploaded in the URF Document Management Facility.

# NOTIFICATION MESSAGES MANAGEMENT

## Communication among organisation contact persons

The back-end system of URF supports a communication system using Notification Messages. These messages can be of the following types:

- **System-generated** - for system events like "Document received" or similar,
- **Internal** - for internal communication among system users, and
- **External** - for inbound and outbound communication to/from persons with participant.

The **Message Management Facility** in the URF Update Panel enables you to create and send out notification messages of the '**External**' type. These messages will be received by all the persons that are related to the organisation.

Note: In URF, notification messages can only contain text and may not be deleted by the user.

To create a new notification message, invoke the URF Update Panel and perform the following steps:

1. To add a new message, click .

**Figure 46: Messages Management (empty)**

2. A new dialog box will open where you can provide the Subject and the content of your message (Figure 47: Messages Management – create a new message). You can use standard editing and formatting tools from the available formatting toolbar.

**Figure 47: Messages Management – create a new message**

3. When you enter the message content, click **Send the message**.  
To discard the message, click **Close**.
4. Your message is now added to the message list (**Figure 48: Messages Management – message list**).

## Error Messages: Error Management in URF

URF will display an error message in the left-hand side pane of the URF Update Panel whenever the data entered is incorrect, incomplete or missing.

Error messages will list the entries that must be amended and the problematic entry fields will be highlighted on the screen, as shown in the example below:

The screenshot displays the URF Update Panel for 'Demo Organisation Ltd. 949701296'. The interface includes a top navigation bar with tabs for 'Messages', 'Documents', 'Organisation', 'Legal Address', 'Contact Person', and 'LEAR'. A yellow sidebar on the left contains an error message: 'Please amend the following' and 'Please select the official language for your organisation.' The main form area lists various fields with their values and associated error icons (blue 'i' in a circle). The 'Official Language' field is highlighted in yellow and shows the error message '- Select a language -'. Other fields include 'Effective Date \*', 'PIC', 'Is the organisation a Legal Person?', 'Is it a Non-Profit Organisation?', 'Is it a Public Body?', 'Is it a NGO?', 'Legal Name', 'Business Name', 'Establishment/Registration Country \*', 'Legal Form', 'VAT number', 'Business Registration Number \*', 'Registration Date \*', 'Registration Authority \*', and 'NACE code'. The bottom of the panel features a 'Choose your Framework Program' dropdown, 'Update your data', 'Reset filter', and 'Quit' buttons, along with a 'User manual' link.

Organisation	<p>A legal entity or bona-fide organisation.</p>

Term	Definition
Participant	<p>Any legal or natural person, that has some dealings with FP or CIP programmes. For example: Legal Entity as partner to a grant agreement, department or institute of such, person working in participating organisation and relevant to the programmes, expert. Participants are external to the Commission.</p> <p>In order to structure this participant concept into further details, a clear distinction should be made between:</p> <p>The "<i>executing participant</i>" proposing and executing an action (e.g. a department within a university or an independent expert)</p> <p>The "<i>participating legal entity</i>" endorsing the responsibility of this proposition and execution (e.g. a university or the expert as a legal natural person). "A participating legal entity is any Legal Entity that has participated, participates, or will participate in the programmes of FP and CIP, whether in Grant Agreements, contracts or proposals only" (List of Agreements PDM/URF WG, as of 14th January 2007).</p> <p>"<i>Contacts</i>" by the executing participants and participating legal entities for exchange of information (e.g. a professor within the university department, the financial officer of the university, an expert him/herself, etc.). Contacts typically play roles within participating entities and may have a specific address.</p> <p>It is worth to notice that the "executing participant" and the "participating legal entity" can be the same legal entity (e.g. a private company) or that several legal entities could collectively endorse the responsibility for a single executing participant (case of a consortium).</p>
PIC (Participant Identity Code)	Participant Identity Code is a unique ID of an organisation. The PIC is a 9 digits code obtained through URF registration and used in each step of the process to identify an organisation.
